## Commitment

---

ROMDIEM is more than a remembrance project; It is a movement of recognition and renewal. By shedding light on the untold stories of Roma victims and survivors, we contribute to a more just, inclusive, and conscious Europe.

We honor the past, enrich the present, and inspire a future where no community is forgotten.

# The Project

The Roma community has long faced discrimination, exclusion, and prejudice. Issues like school dropout, limited access to healthcare and jobs, and social marginalization persist due to deep-rooted stereotypes.

Despite these challenges, a new, educated Roma generation is emerging—more connected, tech-savvy, and outward-looking. They represent hope and change, and we are investing in their potential.

One often overlooked tragedy is the Roma Holocaust. During World War II, Roma people were persecuted and murdered by the Nazi regime. Branded as “Gypsies,” they suffered alongside Jews in concentration camps, forced labor, and genocide.

The ROMDIEM project aims to preserve Roma Holocaust testimonies, raise awareness, and promote education. Remembering this history is key to combating modern discrimination and building a more just future.

# Aims and Vision

ROMDIEM is driven by the belief that remembrance is not only about looking back, but also about shaping the future. The project aims to:

- **Preserve** and honor the memory of Roma Holocaust victims
- **Educate** and raise awareness about the Roma Genocide (Porajamos) within European society
- **Highlight** the cultural richness and historical significance of Roma communities
- **Promote** values of tolerance, inclusion, and respect through remembrance initiatives.
